

Industrial visit to MMC Healthcare Pvt. Ltd.

DATE: 14th June, 2023

TIME: 10:00AM – 1:30PM

VENUE: MMC Healthcare Pvt. Ltd., Thirumazhisai

FACULTY INCHARGES: Dr. Abinaya Balakrishnan, Dr. Priyanka .G

PG STUDENTS: Dr. Divyarani. S, Dr. Pavithra Swamynathan – II MDS
Dr. Ashwinthan. M, Dr. Nivetha. D – I MDS

UG STUDENTS: IV BDS students

SUMMARY:

The visit was planned to educate the students on drug formulations, preparations and packaging. Ms. Kanimozhi and Ms. Akshaya with their expertise took us through the process. Various tablets, capsules and liquid forms of drugs were introduced to us, which were exported to 40 foreign countries. Drugs frequently manufactured were vitamin supplements, amino acid derivatives. The students were able to pose questions, which were answered in a way to inspire them. New drug formulations were handled by the Research and development team and the students were eager to ask questions. Further interaction with the R & D team would prove more useful to the budding dentists.
